

Have 2 Ways Out!

Take the "2 Ways Out" Challenge

1. Get a post-it pad and a pencil.
 2. Go through each room of the house and mark the two ways out with your sticky paper. Hint: One way could be the door and the other way could be a window.
 3. Take your family on a tour and show them each way out.
(Note: Doors should always be your first way out.)
 4. As a family, choose a place outside where you can meet if there is a fire.
 5. Extra Challenge: Have a grown-up test every smoke alarm in your home.
